In accordance with the requirements of SB 49, the Secretary of State (SOS) is required to define a standardized record format or formats for transmission by the filing community of data required to be filed electronically under SB 49. The SOS will accept test files from vendors to ensure compliance and compatibility with these formats, and publish a list of the certified vendors or other parties who have successfully filed test reports with us.

This document contains the design definition of the California Electronic Filing Format for the electronic filing of California campaign and lobbying disclosure documents. This format defines the order and contents of the electronic filing data files that will be accepted and processed by the State of California's (CAL-ACCESS) California Automated Lobbying And Campaign Contribution & Expenditure Search System. This filing format has been developed to meet the specific requirements of SB 49 to implement electronic filing of these documents and to disclose this data to the public over the Internet. The specific layout of the format is derived from the data requirements of the forms themselves and experience gained implementing this system in the past two years. Vendor feedback is welcome and has been solicited.

This filing format is being used as the basis for the design of the CAL-ACCESS system and will be used to receive filings from filing software that uses the ".CAL" format. Like all software development integration efforts of this type, it is anticipated that minor problems will be found with the format. Please submit problem reports related to any potential problems to the Political Reform Division at (916) 653-6224.

The filing format is in the public domain and is non-proprietary. There are no intellectual property limitations associated with the filing format. The format is administered by the Secretary of State and all changes or corrections to the format will be managed by the Secretary of State.

Proposed filing formats are provided for the following forms:

## **CAMPAIGN**

- 400** Statement of Organization (Slate Mailer Organization)
- 401** Slate Mailer Organization Campaign Statement
- 402** Statement of Termination (Slate Mailer Organization)
- 410** Statement of Organization Recipient Committee
- 425** Semi-Annual Statement of no Activity
- 450** Recipient Committee Campaign Disclosure Statement - Short Form
- 460** Recipient Committee Campaign Statement
- 461** Independent Expenditure Committee & Major Donor Committee Campaign Statement
- 465** Supplemental Independent Expenditure Report
- 470** Officeholder and Candidate Campaign Statement - Short Form
- 470S** Officer and Candidate Campaign Statement (Supplement)
- 495** Supplemental Pre-Election Campaign Statement
- 496** Late Independent Expenditure Report
- 497** Late Contribution Report
- 498** Slate Mailer Late Payment Report

## **LOBBYIST**

- 601** Lobbying Firm Registration Statement
- 602** Lobbying Firm Activity Authorization
- 603** Lobbyist Employer or Lobbying Coalition Registration Statement
- 604** Lobbyist Certification Statement
- 605** Amendment to Registration, Lobbying Firm, Lobbyist Employer, Lobbying Coalition
- 606** Notice of Termination
- 607** Notice of Withdrawal
- 615** Lobbyist Report
- 625** Report of Lobbying Firm
- 630** Payments Made to Lobbying Coalitions (Attachment to Form 625 or 635)
- 635** Report of Lobbyist Employer or Report of Lobbying Coalition
- 635C** Payments Received by Lobbying Coalitions
- 640** Governmental Agencies Reporting (Attachment to Form 635 or Form 645)
- 645** Report of Person Spending \$5,000 or More
- 690** Amendment to Lobbying Disclosure Report

----- [HDR] -----

The first record in a CAL file must be a short CSV (comma-separated-value) record identified with the text "HDR" in the first field and "CAL" in the second field. The rest of the fields contain information such as version numbers and software identification for the filing database program that created the electronic CAL filing. The layout of a HDR record is described on the next page.

The filing database program is responsible for creating the various record types described in this document. It will assemble them into a single (.CAL) file with a HDR record, immediately followed by a CVR (Cover) record, followed by a number of other record types (e.g. CVR2, CVR3, SMRY, RCPT, EXPN,...) as required by a particular type of filing. The specific record types that should be included after the HDR and CVR records of each type of filing (e.g. F460 F615, F625, F635,) are listed at the beginning of each of the four Filing Sections later in this document.

**Note:** The following layouts use 'Rx', 'R', 'Cx' & 'C' to indicate if a field is (R)equired or (C)onditionally required. If required {or conditionally required} and data is missing, the 'x' indicates whether this results in a filing being "Rejected" by the agency.

'Rx' = (R)equired field; SOS "Rejects" filing (Level-8)

'R' = (R)equired field, but SOS "Accepts" filing (Level-4)

'Cx' = (C)ond Required field; SOS "Rejects" filing (Level-8)

'C' = (C)ond Required field, but SOS "Accepts" filing (Level-4)

'O' = (O)ptional field. Code is used within this document so that programs which 'read' this document can use a simple and consistent approach for parsing the text.

#### Header Record Layout (common to all CAL filing types)

#	R{x}	C{x}	Field Name	Max Len	Description
---	---	---	-----	-----	-----
01	Rx		Rec_Type	3	Record Type. Value: HDR
02	Rx		EF_Type	3	Electronic Filing Type (a.k.a. Form_Type) Value: CAL
03	Rx		State_Cd	2	State Code. Value: CA
04	Rx		CAL_Ver	4	CAL Version #. Value: 2.01
05	Rx		Soft_Name	90	Filer Software Name
06	Rx		Soft_Ver	16	Filer Software Version #
07	O		HDRcomment	200	Optional comment (only used for development/testing)

## **NOTES ABOUT CERTAIN FIELD TYPES**

E.F (.CAL) files are not case sensitive. Rec\_Type, Form\_Type and all "code" fields (e.g. Entity\_Cd, Yes/No fields, Check-box fields), can have values represented in any mix of UPPERCASE or lowercase letters." It is important that software that generates "CAL" files prevents any fields from containing "leading spaces" (e.g. " Text information" has a leading space before the word Text). Fields with leading spaces are not allowed.

Each kind of record must be coded with the exact number of field delimiters necessary to define the number of fields as specified by this document. The number of fields required on CVR and CVR2 records depends on the Form\_Type. All other records have field counts, which vary with the value of Rec\_Type.

## **DATES**

All 8 byte date fields must be in CCYYMMDD format. Dates are always coded as 8-digit fields in Century, Year, Month, & Day order.

## **AMOUNTS**

Monetary amounts are stored with an "explicit" decimal point, which when coded, must be followed by 1 or 2 (but no more than 2) decimal positions. Embedded commas are not allowed and cause a filing to be rejected. Negative amounts can be represented with a leading hyphen (-) character.

Examples:

123.45	-	represents an amount of \$123.45
345	-	represents an amount of \$345.00
-567.8	-	represents a negative amount of \$567.80
\$1,234.00	-	invalid & will be rejected (commas & other symbols not allowed)
1234.00-	-	invalid & will be rejected (no trailing '-' signs allowed)

## **RATES & PERCENTS**

Rates & Percents are expressed as "freeform" text. When a Loan is expressed in terms of a "rate", the value should be represented with an explicit decimal point (e.g. 0.056). If the same "rate" is expressed as a percentage, the % symbol should be used. A rate of 0.056 would be expressed as 5.6%. Percents/Rates are carried in "CAL" files in fields of up to 30-characters.

## **NAMES**

Names are carried in 4 explicitly defined fields:

- 1) Last Name is a 200-character field, which is used for a person's last name or is used for the complete name of a non-person entity such as a committee, business, ballot measurer name, etc.
- 2) First name is a 45-character field which is used to store a person's first name and any middle name(s) and/or initials. For a person, it's all the names excepting the Last Name or surname.

A Moniker may be included in the first name field. It can be identified with surrounding single-quote ('') characters. It must not be surrounded with double-quote ("") characters, because embedded double-quotes ("") are not allowed within text fields in the CAL format. When displayed or printed in CAL-ACCESS, the single-quote characters are shown as double-quotes.

- 3) Title (or prefix) is used for titles used by a person such as Mr, Mrs, Ms, Hon, Rep, Sen, Dr, and so on. Up to 10 characters are allowed.
- 4) Suffix is used for a person's suffix such as Jr, Sr, II, III, Esquire, etc. As many as 10 characters are allowed.

## **ADDRESSES**

Addresses must contain a postal "delivery line" (such as a street address or a PO Box), plus city, state code and a 5-digit (or optionally a Zip+4) ZIP Code. In other words, a complete "mailing address" should be given as an "address".

"CAL" records allow for 2 lines of address (in addition to the fields for city, state code and ZIP Code). When only one line of street address is given, it should be a postal delivery line and should be coded in the Address1 field (Address2 field should be blank). When two lines of address are given, the postal delivery line should be coded in Address2 (Address1 will contain "non-delivery" information such as a building name, "attention:" etc.).

## **Zip Codes & Zip +4**

Zip Codes are defined as a maximum of 10 characters. Zip Codes can be stored as 5-digit, 9-digit, or as 5-digit/hyphen/4-digit values.

## **PHONE NUMBERS**

Phone numbers are coded "freeform" in a 20-character phone field. Any special instructions (e.g. select #3 from the menu) and/or extension numbers should be included in phone number fields.

## **YES/NO BOX PAIRS**

Yes/No Boxes are represented on forms and schedules as two separate boxes. They are mutually exclusive in their use; however, if a filer checks both boxes in a Yes/No group, this should be interpreted the same as if neither box is checked. The results are stored in a single field in the electronic file - the only acceptable values in a Yes/No field are blank, "Y" and "N".

## **SINGLE CHECK-BOXES**

Check-box fields differ from Yes/No Boxes. Check-boxes reflect either a "positive" response (i.e. the filer has put a check-mark, an "X" or some other kind of marking in the box), or "no response". The lack of a mark in a check-box means only that a "positive" response HAS NOT been made. It does not indicate a "negative" response - the filer might have ignored the check-box on the form.

In electronic filing, check-box fields are coded with an "X" to indicate that the item on the form was "checked". Nothing is coded when the item was not "checked".

## **CHECK-BOXES GROUPS**

Forms often have groups of check-boxes where only one box can be checked. These are called "mutually exclusive" check-box groups. The convention used in "CAL" files is to define a single field to represent a group of mutually exclusive check-boxes on a paper form. Code values are defined to represent each possible selection (e.g. [1|2|3|...] or [A|B|C|...]).

**Note:** The convention in MS Windows is to offer mutually exclusive choices with what are called "radio buttons".

**Note:** The convention in "CAL" is to define a separate field for each check-box, which is not part of a mutually exclusive group. (see Single Check-boxes above).

## **ENTITY CODES USED ON FORMS & SCHEDULES**

The following Entity Codes are used to indicate various kinds of persons and committees on "Cover Page" (CVR) record types:

- CAO - Candidate/Office-holder (F460, F465, F470, F496, F497, F470S)
- CTL - Controlled Committee (F460, F465, F496, F497, F410, F495)
- RCP - Recipient Committee (F425, F450, F460, F465, F496, F497, F410, F495)
- SMO - Slate Mailer Organization (F401, F498, F400, F402)
- BMC - Ballot Measure Committee (F450, F460, F465, F496, F497, F410, F495)
- MDI - Major Donor/Ind Expenditure (F461, F465, F496, F497)

## **ENTITY CODES USED ON FORMS & SCHEDULES (continued)**

LBY	- Lobbyist (an individual) (F606, F607, F615, F645)
FRM	- Lobbying Firm (F601, F602, F603, F625, F645)
LEM	- Lobbying Employer (F601, F602, F603, F635, F645)
LCO	- Lobbying Coalition (F601, F602, F603, F635, F645)
IND	- Person (spending > \$5000) (F645)

The following "Entity Codes" are used to indicate various kinds of persons on "Additional Name/Address" CVR2 record types:

AGY	- State Agency (F603)
ATH	- Authorizing Individual (F400)
ATR	- Assistant Treasurer (F410, F425, F450, F460)
BNM	- Ballot Measure's Name/Title (F410, F460-Part5a)
CAO	- Cand/Officeholder (F410, F460-Part4a, F460-Part5b, F460-Part6, F465)
COM	- Committee (F400, F460-Part4b, F470-Part4)
CTL	- Controlled Committee (F410, F460-Part4b, F470-Part4)
EMP	- Employer (F625, F635, F603)
FRM	- Lobbying Firm (F603)
MBR	- Member of Association (F602)
OFF	- Officer (F465-Part5, F625, F635)
OWN	- Owner (F625, F635)
POF	- Principal Officer (F400, F410, F465)
PRO	- Proponent (F410, F460-Part5b)
PTN	- Partner (F625, F635)
RCP	- Recipient Committee (F400, F460-Part4b, F470-Part4)
SCL	- Subcontracted Client (F602)
SPO	- Sponsor (F410)

**Note:** F460 Part4a/Part4b & Part5a/Part5b refer to the "upper"/"lower" portions of Parts 4 and 5 located on the 460's second cover page.

The following CVR2 "Item Codes" indicate which Section within F400 & F410 reports the Entity is to be listed:

ATR	- (Item_Cd) Assistant Treasurer (F410)
POF	- (Item_Cd) Principal Officer (F400, F410)
CTL	- (Item_Cd) Controlled Committee (F410)
PFC	- (Item_Cd) Primarily Formed Committee Item (F410)
SPO	- (Item_Cd) Sponsored Committee Itemization (F410)
SMA	- (Item_Cd) Slate Mailer Authorizer (F400)

## **ENTITY CODES USED ON FORMS & SCHEDULES (continued)**

The following Entity Codes are used to indicate various kinds of persons on "verification" CVR3 record types:

TRE	-	Treasurer/Assistant Treasure
CAO	-	Candidate/Office Holder
OFF	-	Officer (Responsible)
PRO	-	Proponent
SPO	-	Sponsor

The following Entity Codes are used to indicate various kinds of persons and organizations on various schedules including RCPT, EXPN, and LOAN record types:

COM	-	Committee
RCP	-	Recipient Committee
IND	-	Individual
OTH	-	Other
PTY	-	Political Party
SCC	-	Small Contributor Committee

## **LOBBYING ACTIVITY DESCRIPTION (Lby Actvty on Lobbyist CVR & LPAY records)**

If additional space is needed to describe this activity, attach a text memo record describing the activity to the filing. When reporting lobbying activity, the preferred format to identify bills is the type of bill followed by the bill number. Each bill is separated by a space character or comma. Putting a white space between the bill type and bill number is optional. Formatting the information in this manner provides the public with better access to bill information. The following variations comply with this definition.

AB26 AB30, SB300, SB 285 AB 325,SB203, AB 25

The codes recognized by the system are AB, AC, ACA, ACR, AJR, HR, SB, SCA, SCR, SJR, and SR. In addition, any of these codes followed by an X and a single digit (for example ABx7 or ABx 7) will be recognized.

## **OFFICE CODES USED ON FORMS & SCHEDULES**

### **Statewide Offices**

GOV - Governor  
LTG - Lieutenant Governor  
SOS - Secretary of State  
CON - State Controller  
ATT - Attorney General  
TRE - State Treasurer  
INS - Insurance Commissioner  
SUP - Superintendent of Public Instruction  
SPM - Supreme Court Justice

### **State District Offices**

SEN - State Senator  
ASM - State Assembly Person  
BOE - Board of Equalization Member  
PER - Public Employees Retirement System  
APP - State Appellate Court Justice

### **City, County and Local Offices**

ASR - Assessor  
BED - Board of Education  
BSU - Board of Supervisors  
CAT - City Attorney  
CCB - Community College Board  
CCM - City Council Member  
COU - County Counsel  
CSU - County Supervisor  
CTR - Local Controller  
DAT - District Attorney  
MAY - Mayor  
PDR - Public Defender  
PLN - Planning Commissioner  
SHC - Sheriff-Coroner  
SCJ - Superior Court Judge  
TRS - Local Treasurer

### **Miscellaneous / Other**

OTH - Other

## **PAYMENT PURPOSE CODES USED FOR “Payments to Influence” schedules**

The following codes are used in detail records reported on Form 640. The codes are to be included as part of the first six (6) characters of the [RECIP\_NAML] field as described on page 82 of this document. Complete definitions of the codes are contained in the California Code of Regulations, Section 18616, amended January 21, 2016. The brief descriptions of the codes are as follows:

S – Salary and compensation of employees other than lobbyists

E – Expenses incurred by a lobbyist and paid directly by the filer

L – Legislative related services performed by a lobbying firm

C – Consultants and governmental relations...other than a lobbying firm

P – Public affairs

A – Advertising including billboards, print, radio, television, text, email, and other electronic advertising

R – Research including feasibility studies, analysis, polling, and public opinion

V – Lobbying events including planning, rentals, equipment, and transportation

O – All other payments not covered by one of the above-listed categories

## **EXPENSE CODES USED ON 460 EXPENSE SCHEDULES**

These 3-character codes have been described by the FPPC for use on F460 / Schedules E, F and G. CALACCESS uses these codes universally on other forms & schedules when Expense Amounts require categorization.

---

CMP	- campaign paraphernalia/miscellaneous
CNS	- campaign consultants
CTB	- contribution (if nonmonetary, explain)*
CVC	- civic donations
FIL	- candidate filing/ballot fees
FND	- fundraising events
IND	- independent expenditure supporting/opposing others (explain)*
LEG	- legal defense
LIT	- campaign literature and mailings
MBR	- member communications
MTG	- meetings and appearances
OFC	- office expenses
PET	- petition circulating
PHO	- phone banks

POL	- polling and survey research
POS	- postage, delivery and messenger services
PRO	- professional services (legal, accounting)
PRT	- print ads
RAD	- radio airtime and production costs
RFD	- returned contributions
SAL	- campaign workers salaries
TEL	- T.V. or cable airtime and production costs
TRC	- candidate travel, lodging and meals
TRS	- staff/spouse travel, lodging and meals
TSF	- transfer between committees of the same candidate/sponsor
VOT	- voter registration
WEB	- information technology costs (Internet, e-mail)

**Note:** For Schedule D "Type of payment", codes "MON", "IKD" and "IND" are the only valid codes. IKD and IND require an explanation.

**CALACCESS Expense Codes which are not explicitly listed on FPPC forms.**

- MON - Monetary contribution - this code means that the contribution is specifically a monetary contribution. It is not an allowable value for Schedules E, F & G on F460 filings. It can be coded as a value on Schedule D, and on the F450P5, F461P5 and F465P3 schedules.
- IKD - Non-monetary contribution - this code means that the contribution is specifically a non-monetary contribution. It is not an allowable value for Schedules E, F & G on F460 filings. It can be coded as a value on Schedule D, and on the F450P5, F461P5 and F465P3 schedules.
- LON - Loan - This is a "generic" code meaning that a F461P5 contribution is a Loan. Other Codes used on F461P5 are 'MON', 'CTB' & 'IND'.

**AMENDMENTS TO FORMS**

When a filing is received, the CALACCESS system assigns a unique identifier known as the Filing Id. This filing id is printed on the acknowledgement notification that is emailed to you. The id is always preceded by "CA-" (i.e. CA-999999). You will need to use this filing id when amending this form. The id must be entered at the time of uploading your file to our system using the CALLOAD utility. This id is entered in the area titled:

**This filing amends filing id:**  Along with sending us this id through the CALLOAD utility, you need to increase the number in the field "Report\_Num" found in every CVR record. This number must be increased according to what amendment number you are sending (i.e. 001 = first amendment, 002 = second amendment).

**Note:** Your file will be rejected under the following conditions:

- You failed to provided a Filing Id, and Report\_Num is greater than zero.
- You send the Report\_Num out of sequence. (i.e. Report\_Num = 003, but we have not received 002 yet, or Report\_Num = 002, and we already have 002 on file)

**Please view AMENDMENT PROCESSING OF ITEMS IN SCHEDULES found in the next page for additional amendment information.**

## **AMENDMENT PROCESSING OF ITEMS IN SCHEDULES**

Tran\_ID: A unique identifier permanently associated with each itemization or transaction appearing in a CAL electronic file. If a given itemization appears in more than one schedule (e.g. a forgiven loan is reported on both Schedule A and Schedule B) then the Tran\_ID associated with that itemization can either have the same value or different values for that single item among the various schedules. However, all Tran\_IDs of itemizations appearing in any amending report must match the Tran\_IDs first used for those same itemizations in the original report.

The Tran\_ID assigned and maintained by the filer's software is used by the California SOS's database to uniquely identify each itemization from every schedule and from every filer. It is critically important that when a filer amends a previously filed electronic report, the Tran\_IDs of the subsequent amendment match those already reported. It is acceptable for a Tran\_ID of one original report to be assigned a value that was used on a previous original report. Tran\_IDs must be unique WITHIN a report group - that is an original report and all of its amendments.

Although software will assign a Tran\_ID to a dollar itemization on almost all schedules, this is not so with the 460's Schedule F. "Schedule" F is a series of summarization's - the main entries are summarization's for a payee/creditor. Therefore Tran\_IDs on Schedule F will be unique identifiers used for the payee/creditor entity. Sub-itemizations on Schedule F that show new incurred expenses for the reporting period will, however, be assigned Tran\_IDs for the individual incurred expense items.

A unique Tran\_ID must also be assigned to each CVR2 and CVR3 record. Since these are not "money" records, the Tran\_ID will be a unique identifier that is assigned to the Entity who/which is coded in each CVR2 and CVR3 record.

## **MEMOS, NOTES & EXPLANATORY TEXT**

Large bodies of text can be associated with forms and also with individual itemizations within schedules. A special TEXT record can be used in a CAL file to carry descriptive text as a string of characters not exceeding 4000 characters.

TEXT records can be associated with a filing's "cover" page, with a schedule as a whole, and to one or more individual itemizations within a schedule.

The contents of TEXT records are printed on "pages" following the form(s) to which they are related. For example, a body of TEXT related to a cover form will be shown following that form. Likewise, TEXT related to a schedule (as a whole and/or itemizations within that schedule) is printed on pages after the last detailed itemization of the particular schedule. Depending on the amount of "white space" available on a form, the print rendering software in CALACCESS will attempt to "fit" short text memos

within the immediate proximity of the item to which the memo is attached, otherwise it is printed on separate "pages".

CAL layouts for Schedules include a field named Memo\_RefNo. This is a value assigned by the filer and is printed within the itemization area of the printed schedule as a "reference" to the memo text that is printed after the last detailed itemization in the schedule. Memo\_RefNo can be thought of as being like a footnote reference.

**The layout of the TEXT record is described below:**

#	R{x}	C{x}	Field Name	Max Len	Description
---	---	---	-----	-----	-----
01	Rx		Rec_Type	4	Record Type Value: TEXT
02	Rx		Form_Type	8	Contains 'Form_Type' of a "cover" Form (F4**, F6**) or a Schedule (e.g. A,B1,C,E, ...) to which this text/memo/note is related. Values: (F4**, F6**, any schedule name)
03	O		Ref_No	20	The value contained in a schedule itemization's 'Memo_RefNo' field.
04	R		Text4000	4000	A string of unformatted text up to 4000 characters.

**Note:** no tab, carriage return, line feed or any other non-printable characters may be embedded within the string of text.

**Examples:**

TEXT,F460,,"Some general notes about this 460 filing are given here."

TEXT,A,,"Some general notes about Schedule A in this 460 filing."

TEXT,C,123,"A long memo for an item in Schedule C that references Memo 123."

**BACK-REFERENCING TO RELATE "CHILD" SUBITEMIZATIONS BACK TO  
"PARENT" ITEMIZATIONS**

Schedules that can have child records have a new BakRef\_TID field are:

Disclosure Report	Report/Schedule	Rec Type
401 Slate Mailer Camp Stmt:	401/B	S401
460 Campaign Statement:	460/A; 460/C; 460/I	RCPT
460 Campaign Statement:	460/D; 460/E; 460/G	EXPN
460 Campaign Statement:	460/B1; 460/B2; 460/H	LOAN
460 Campaign Statement:	460/F	DEBT

**BACK-REFRENCING TO RELATE "CHILD" SUBITEMIZATIONS BACK TO  
"PARENT" ITEMIZATIONS (Cont.)**

Lobbyist Activity Expenses	615/P1; 625/P3-A; 635/P3-C; 645/P2	LEXP
Lobbyist Payments Received:	625/P2	LPAY
Lobbyist Payments Made:	635/P3-B	LPAY
Lobbyist Pol Contribs Made:	615/P2; 625/P4-B; 635/P4-B; 645/P3-B	LCCM

The BakRef\_TID of a "sub-itemization" (a "child" record in programmer talk) is used to "refer back" to the main itemization record in a schedule. A sub-itemization (like a "memo" record where Memo\_Code=X) does not count toward any schedule or summary page dollar totals. It is an informational record.

A non-blank BakRef\_TID both indicates that a record is a "child" record, and also points (refers back) to the main itemization or "parent" record. The value that is coded into the BakRef\_TID of a child record is that of the Tran\_ID belonging to the parent record.

The CALACCESS system maintains references so that entities listed in "sub-itemizations" can be located in queries of the CALACCESS database.

The 460 Schedule G is a special case where ALL entries on that form are really sub-itemizations for items that appear on the 460's Schedule E or Schedule F. Filers have the option of coding Schedule E/F sub-itemizations within Schedules E/F themselves, or separately on Schedule G. CALACCESS will maintain references from child records on Schedule G back to the parent records on Schedule E/F by using Schedule G's BakRef\_TIDs (which are required on Sched G). A field called G\_From\_E\_F on the EXPN layout is used for Schedule G "child" records to indicate whether the "parent" record is found on Schedule E or Schedule F.

Programmers should note that "parent" records on the F460's Schedule F are assigned Tran\_IDs that are unique for the Payee/Creditor or are unique for the "debt". However, "child" sub-itemizations of new incurred expenses and new payments are assigned Tran\_ID's unique to the incurred item. The values in BakRef\_TID's in Schedule F need to take this into account.
